Invites Community Members to a**

**“MEET AND GREET” PRESENTATION AND RECEPTION WITH POLICE OFFICERS
Of the Academy of Patrol Police (Ukraine) – Faculty Mentorship Program**

**Tuesday, January 29, 2019
7:00 PM**

Selo Gardens Community Centre: 1110 McNiven Avenue, Regina

One of the most successful reforms in Ukraine to date since 2014 has been the streamlining of police services into the National Police of Ukraine. Canada currently provides funding support to two major projects assisting this reform – the Police Training Assistance Project (PTAP) and the Canadian Police Mission in Ukraine (CPMU).

Comprehensive mentorship training for the faculty of the Academy of Patrol Police (APP) is taking place at the Regina RCMP Depot Division from January 24 to February 3, 2019. This will build experience and capacity of APP faculty and contribute to the effectiveness of the APP as a modern center for police education.

The presentation at Selo Gardens by Officers of the Academy and mission coordinators will provide a brief overview of this training mission to Canada and comment on the National Police initiative in Ukraine. You will have an opportunity to meet with individual mission participants as you learn more about Ukraine’s reforms in policing.

You are cordially invited to attend this presentation and reception. Please extend this invitation to others that may be interested.
